Champions In Your Court

In April, we started a new advertising campaign titled "Champions In Your Court." We are working with BJ Golnick, an accomplished writer, director, cinematographer, editor, and producer. In addition, we are working with BJ Golnick's father, Marshall Golnick, an experienced producer and writer. Marshall has years of experience in branding, marketing, and advertising. We are extremely excited with the quality and message of this campaign.

The word "champion" means: one that does battle for another's rights; a person who fights for another person or cause. The attorneys at **CRAIG, KELLEY & FAULTLESS** have been fighting insurance companies, reckless semi truck drivers, dangerous trucking companies, and other companies and individuals who endanger all of us on the road. We fight for and protect victims against those who harm and try to take advantage by delaying, denying, and withholding justice.

Watch for our new commercial on TV or go to our YouTube channel, Facebook page or website to watch it now. Please email us at danacraig@ckflaw.com and let us know what you think of our commercial - good or bad.

The March 2014 issue of Indianapolis Monthly Magazine

Congratulations!

If you received the March 2014 issue of Indianapolis Monthly Magazine, you most likely noticed that three of the lawyers at **CRAIG, KELLEY & FAULTLESS** received recognition for being among the top attorneys in Indiana. David W. Craig was selected as a Super Lawyer. Chris Barry and Kerri Farmer were both selected this year by Super Lawyer as Rising Stars.

Other attorneys initially nominate Super Lawyers. Then, those nominated are validated by a third-party research team. Super Lawyers are narrowed to the top 5% in the State and only the top 2.5% of the young lawyers receive the Rising Star recognition.

Underinsured/Uninsured Insurance Coverage

When purchasing automobile insurance coverage, two of the coverages your agent will discuss with you is underinsured motorist and uninsured motorist coverage. **THESE ARE IMPORTANT COVERAGES AND SHOULD NEVER BE REJECTED.**

Underinsurance coverage protects you when you are in a wreck caused by someone without enough automobile insurance. If this happens and you have underinsured coverage in an amount greater than the other driver's limits, then your company must pay you the value of your claim, up to your limits, less the limits of the other driver.

Uninsured motorist coverage protects you when you are in a wreck caused by someone without insurance. The worst drivers, like those who have no drivers license, do not have insurance. If you have this coverage, then your insurance company must pay the amount the uninsured motorist owes you, up to your limits of the coverage.

Don't Text and Drive Campaign

CRAIG, KELLEY & FAULTLESS employees, Clint Crabtree and Don May, have been instrumental in spreading the word about the dangers of texting driving.

Several years ago, our firm introduced our 'Don't Text and Drive' campaign. Texting while driving is obviously dangerous. But, so are all other forms of distracted driving. We see the devastation every day that is caused by people that text and drive and allow other distractions to get their attention while driving. For this reason, we purchased several driving simulation machines to demonstrate to drivers of all ages the dangers this causes for others. We have given two of these simulators to local fire departments. We also purchased two for our own use at community safety events and drivers education classes.

In March 2014, Clint and Don took the simulators to Pendleton, IN. The students in the drivers education class were able to use the simulators to experience the dangers associated with this risky behavior.
